

BPI (Bank of the Philippine Islands) offered a wide range of banking and financial services to its customers. Please note that the availability and specifics of services may change over time, so I recommend checking the official BPI website or contacting them directly for the most up-to-date information. Here are some of the typical services that BPI offered:

Savings and Checking Accounts: BPI provides various types of savings and checking accounts, each with different features and benefits to cater to different customer needs.

Online Banking: BPI offers online banking services, allowing customers to check their account balances, transfer funds, pay bills, and perform various other banking transactions through their website or mobile app.

ATM Services: BPI has a network of ATMs across the Philippines, allowing customers to withdraw cash, check account balances, and perform other transactions 24/7.

Credit Cards: BPI issues credit cards with various features, rewards programs, and benefits. These cards can be used for making purchases, paying bills, and more.

Loans and Mortgages: BPI provides a range of loan products, including personal loans, home loans, auto loans, and business loans.

Investment Services: BPI offers investment products such as mutual funds, unit investment trust funds (UITFs), and other investment options for customers looking to grow their wealth.

Insurance Products: BPI offers insurance products, including life insurance, health insurance, and more, to help customers protect their financial future.

Remittance Services: BPI facilitates both domestic and international remittances, allowing customers to send and receive money from family members or business partners.

Mobile Banking: BPI has a mobile banking app that provides convenient access to banking services on smartphones and tablets.

Corporate and Business Banking: BPI also caters to the banking needs of businesses, offering corporate banking services, treasury services, and more.

Wealth Management: BPI offers wealth management services to high-net-worth individuals, including portfolio management and financial planning.

Foreign Exchange Services: BPI provides foreign exchange services for customers who need to buy or sell foreign currencies.

Please remember that the availability of these services and their specific details may have evolved or changed since my last update. It's always a good idea to visit the official BPI website or contact their customer service for the most current and detailed information about their services.
